Grantee's approval may be withheld only upon a reasonable determination by Grantee that the action as proposed would be inconsistent with the Purpose of this Easement.

7. Grantee's Remedies.

7.1 **Notice of Violation; Corrective Action.** If Grantee determines that a violation of the terms of this Easement has occurred or is threatened, Grantee shall

give written notice to Grantor of such violation and demand corrective action sufficient to cure the violation and, where the violation involves injury to the Property resulting from any use or activity inconsistent with the Purpose of this Easement, to restore the portion of the Property so injured to its prior condition in accordance with a plan approved by Grantee.

7.2 Injunctive Relief. If Grantor fails to cure the violation within thirty (30) days after receipt of notice thereof from Grantee, or under circumstances where the violation cannot reasonably be cured within a thirty (30) day period, fails to begin curing such violation with the thirty (30) day period, or fails to continue diligently to cure such violation until finally cured, Grantee may bring an action at law or in equity in a court of competent jurisdiction to enforce the terms of this Easement, to enjoin the violation, *ex parte* as necessary, by restraining order or temporary or permanent injunction, and to require the restoration of the Property to the condition that existed prior to any such injury. In the event that Grantee seeks injunctive or other equitable relief, Grantee shall not be required to post a bond and shall not be required to demonstrate irreparable harm or injury.

7.3 Damages. Grantee shall be entitled to recover damages for violation of the terms of this Easement or injury to any Conservation Values protected by this Easement, including, without limitation, damages for the loss of scenic, aesthetic, historic, agricultural, open space, or environmental values. Without limiting Grantor's liability therefore, Grantee, in its sole discretion, may apply any damages recovered to the cost of undertaking any corrective action on the Property.

7.4 Emergency Enforcement. If Grantee, in its discretion, determines that circumstances require immediate action to prevent or mitigate significant damage to the Conservation Values of the Property, Grantee may pursue its remedies under Paragraphs 7.1 through 7.10 without prior notice to Grantors or without waiting for the period provided for cure to expire.

7.5 Scope of Relief. Grantee's rights under this Section 7 apply equally in the event of either actual or threatened violations of the terms of this Easement. Grantor agrees that Grantee's remedies at law for any violation of the terms of this Easement are inadequate and that Grantee shall be entitled to the injunctive relief described in Section 7.2, both prohibitive and mandatory, in addition to such other relief to which Grantee may be entitled, including specific performance of the terms of this Easement, without the necessity of proving either actual damages or the inadequacy of otherwise available legal remedies. Grantee's remedies described in this Section 7 shall be cumulative and shall be in addition to all remedies now or hereafter existing at law or in equity.

7.6 Costs of Enforcement. All reasonable costs incurred by Grantee in enforcing the terms of this Easement against Grantor, including, without limitation, costs and expenses of suit and reasonable attorneys' fees, and any costs of restoration

necessitated by Grantor's violation of the terms of this Easement shall be borne by Grantor without setoff, deduction, defense, abatement, suspension, deferment or reduction; provided, however, that if Grantor ultimately prevails in a judicial enforcement action each party shall bear its own costs. Grantor expressly agrees that Grantee shall have, is hereby granted, and shall be entitled to record a lien against the Property for any unpaid damages or costs of enforcement.

7.7 Forbearance. Forbearance by Grantee to exercise any of its rights under this Easement in the event of any breach of any term of this Easement by Grantor shall not be deemed or construed to be a waiver by Grantee of such term or of any subsequent breach of the same or any other term of this Easement or of any of Grantee's rights under this Easement. No delay or omission by Grantee in the exercise of any right or remedy upon any breach by Grantor shall impair such right or remedy or be construed as a waiver.

7.8 Waiver of Certain Defenses. Grantor acknowledges that Grantor has read this Easement, its terms and requirements, and Grantor, in full knowledge of its provisions, hereby waives any defense of laches, estoppel, or prescription with respect to any enforcement action instituted by Grantee.

7.9 Acts Beyond Grantor's Control. Nothing contained in this Easement shall be construed to entitle Grantee to bring any action against Grantor for any injury to or change in the Property resulting from causes beyond Grantor's control, including, without limitation, fire, flood, storm, and earth movement, or from any prudent action taken by Grantor under emergency conditions to prevent, abate, or mitigate significant injury to the Property resulting from such causes.

7.10 Failure of Grantee to Enforce. If at any time Grantee shall fail to enforce the restrictions of this Easement, the Lexington-Fayette Urban County Government shall have the right to bring suit against Grantee or Grantor for specific performance or to otherwise enforce any or all of the provisions of this Easement.

7.11 Federal Government's Right to Enforcement:

In the event that the Rural Land Management Board, Inc. fails to enforce any of the terms of this easement [or other interests in land], as determined in the sole discretion of the Secretary of the United States Department of Agriculture, the said Secretary of Agriculture and his or her successors and assigns shall have the right to enforce the terms of the easement through any and all authorities available under Federal or State law. In the event that the Rural Land Management Board, Inc. attempts to terminate, transfer, or otherwise divest itself of any rights, title, or interests of this easement [or other interests in land] without the prior consent of the Secretary of the United States Department of Agriculture and payment of consideration to the United States, then, at the option of such Secretary, all right, title, and interest in this easement [or other interests in land] shall become vested in the UNITED STATES OF AMERICA.

8. **Access.** No right of access by the general public to any portion of the Property is conveyed by this Easement.

9. **Costs, Liabilities, Taxes, and Environmental Compliance.**

9.1 **Costs, Legal Requirements, and Liabilities.** Grantor retains all responsibilities and shall bear all costs and liabilities of any kind related to the ownership, operation, upkeep, and maintenance of the Property, including the maintenance of reasonable liability insurance coverage. Grantor remains solely responsible for obtaining any applicable governmental permits and approvals for any construction or other activity or use permitted by this Easement, and all such construction or other activity or use shall be undertaken in accordance with all applicable federal, state, and local laws, regulations, and requirements. Grantor shall keep the Property free of any liens arising out of any work performed for, materials furnished to, or obligations incurred by Grantor.

9.2 **Taxes.** Grantor shall pay, before delinquency, all taxes, assessments, fees, and charges of whatever description levied on or assessed against the Property by competent authority (collectively "Taxes"), including any taxes imposed upon, or incurred as a result of, this Easement, and shall furnish Grantee with satisfactory evidence of payment upon request.

9.3 **Representations and Warranties.** Grantor represents and warrants that, after reasonable investigation and to the best of its knowledge:

(f) there are no outstanding surface or subsurface mineral rights associated with the Property.

9.4 **Remediation.** If, at any time, there occurs, or has occurred, a release in, on, or about the Property of any substance now or hereafter defined, listed, or otherwise classified pursuant to any federal, state, or local law, regulation, or requirement as hazardous, toxic, polluting, or otherwise contaminating to the air, water, or soil, or in any way harmful or threatening to human health or the environment, Grantor agrees to take all steps necessary to assure its containment and remediation, including any cleanup that may be required, unless the release was caused by Grantee or Grantee's agents, in which case Grantee shall be responsible therefore.

9.5 **Control.** Nothing in this Easement shall be construed as giving rise, in the absence of a judicial decree, to any right or ability in Grantee to exercise physical or managerial control over the day-to-day operations of the Property, or any of Grantor's activities on the Property, or otherwise to become an operator with respect to the Property within the meaning of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), and KRS Section 224.01-010 et seq.

9.6 **Hold Harmless.** Grantor for and on behalf of itself and its heirs, successors and assigns, and each subsequent owner of the Property hereby releases and agrees to hold harmless, indemnify, and defend Grantee and its members, directors, officers, employees, agents, contractors and United States Department of Agriculture and the heirs, personal representatives, successors, and assigns of each of them (collectively "Indemnified Parties") from and against any and all liabilities, penalties, fines, charges, costs, losses, damages, expenses, causes of action, claims, demands, orders, judgments, or administrative actions, including, without limitation, reasonable attorneys' fees, arising from or in any way connected with (1) injury to or the death of any person, or physical damage to any property, resulting from any act, omission, condition or other matter related to or occurring on or about the Property, regardless of cause, unless due solely to the gross negligence of any of the Indemnified Parties; (2) the violation or alleged violation of, or other failure to comply with, any state,

federal, or local law, regulation, or requirement, including, without limitation, CERCLA and KRS Sections 224.01-010 et seq. by any person in any way affecting, involving, or relating to the Property; (3) the presence or release in, on, from, or about the Property, at any time, of any substance now or hereafter defined, listed, or otherwise classified pursuant to any federal, state, or local law, regulation, or requirement as hazardous, toxic, polluting, or otherwise contaminating to the air, water, or soil, or any way harmful or threatening to human health or the environment; and (4) the obligations, covenants, representations, and warranties of Sections 9.1 through 9.5.

10. Extinguishment and Condemnation.

10.1 Change in Economic Conditions. The fact that any use of the Property that is expressly prohibited by the terms of this Easement may become more economically valuable than uses permitted by the terms of this Easement, or that neighboring properties may, in the future, be put entirely to uses that are not permitted by the terms of this Easement, has been considered by Grantor in granting this Easement. Grantor believes that any such changes in the use of neighboring properties will increase the benefit to the public of the continuation of this Easement, and Grantor and Grantee intend that any such changes shall not be deemed to be circumstances justifying the termination or extinguishment of this Easement pursuant to Section 10.2. In addition, the inability of Grantor, its successors or assigns, to conduct or implement any or all of the uses permitted under the terms of this Easement, or the unprofitability of doing so, shall not impair the validity of this Easement or be considered grounds for its termination or extinguishment pursuant to Section 10.2.

10.2 Extinguishment. At any time thirty (30) years or more after the date first above written, the Grantor may file a written request with Grantee for release of the Easement as to any part of the Property which has been included within the urban service area boundary, as determined by the then most recent Comprehensive Plan. At any time thirty (30) years or more after the date first above written, the Grantor may file a written request with Grantee for release of the Easement as to any part of the Property. Requests for release of the Easement shall be addressed by Grantee according to the terms and conditions of Section 26-18 of the Lexington-Fayette Urban County Government Code of Ordinances. For purposes of clarification the term "Comprehensive Plan" as used herein is defined to mean the land use plan, and amendments, adopted by the Lexington-Fayette Urban County Government pursuant to KRS 100.197. In the event any sum is paid to the Grantee pursuant to Section 26-18(2)(d) of the Lexington-Fayette Urban County Government Code of Ordinances a sum shall be paid to the Farm and Ranch Lands Protection Program or reinvested in a like easement in an amount equal to the same percentage of Farm and Ranch Lands Protection Program dollars utilized in the acquisition of the original easement.

10.3 Condemnation. If all or any part of the Property is taken by exercise of the power of eminent domain or acquired by purchase in lieu of condemnation, whether by public, corporate, or other authority, so as to terminate this Easement, in whole or in

part, Grantor and Grantee shall act jointly to recover the full value of their interests in the Property subject to the taking or in-lieu purchase and all direct or incidental damages resulting therefrom. All expenses reasonably incurred by Grantor and Grantee in connection with an effort to prevent a taking or in an effort to recover the full value of their interest subject to a taking or in-lieu purchase shall be paid out of the amount recovered. Notice shall be given to the United States Department of Agriculture of any condemnation proceedings.

10.4 Proceeds of Condemnation If the easement is extinguished/terminated or condemned, in whole or in part, then Grantee and the USDA are entitled to their proportional share each of (100%) percentage of gross sale proceeds or condemnation award representing an amount equal to the ratio of the appraised value of this easement to the unrestricted fair market value of the Property as these values are determined on the date of this Deed. The proportional shares of the Grantee and the USDA are (66.66)% and (33.33)% respectively, representing the proportion each party contributed to the purchase price of the easement.

10.5 Application of Proceeds. Grantee shall use any proceeds received under the circumstances described in this Section 10 in a manner consistent with its conservation purposes, which are exemplified by this Easement and in a manner consistent with the Farmland Protection Program.

11. Mortgages. Grantor represents and warrants that as of the date hereof, there are no liens, mortgages or encumbrances outstanding against the Property, except any listed in Exhibit B, attached hereto and made a part hereof, which are subordinated to Grantee's right to enforce the restrictions of this Easement. Upon request, Grantee agrees to subordinate its rights under this Easement to the valid claims of any future mortgage holders or beneficiaries of deeds of trust to the proceeds of any sale, condemnation proceedings, or insurance involving the Property, or to the leases, rents, and profits thereof; provided that any such mortgage or deed of trust shall remain subordinated and junior to the Easement to the extent necessary to permit Grantee to enforce the Purpose of this Easement in perpetuity and to prevent any modification or extinguishment of this Easement by exercise of any rights of such mortgage holder or trust deed beneficiary; and provided further that, in the unlikely event this Easement is terminated under circumstances described in Section 10, Grantee shall be entitled to compensation in accordance with the terms of Section 10. Grantee agrees to execute any documents required to effect a subordination pursuant to this paragraph.

12. Assignment and Backup Grantee.

12.1 Assignment. This Easement is transferable, but Grantee may assign its rights and obligations under this Easement only to an organization that is a qualified organization at the time of transfer under Section 170(h) of the Internal Revenue Code (or any successor provision then applicable), and authorized to acquire and hold

conservation easements under KRS Sections 382.800 through 382.860 (or any successor provision then applicable) or the laws of the United States. As a condition of such transfer, Grantee shall require that the Purpose that this grant is intended to advance continue to be carried out. Grantee agrees to give written notice to Grantor and the United States Department of Agriculture of an assignment at least thirty (30) days prior to the date of such assignment. The failure of Grantee to give such notice shall not affect the validity of such assignment nor shall it impair the validity of this Easement or limit its enforceability in any way.

12.2 Backup Grantee. In the event Grantee shall cease to exist or to be a qualified organization under Section 170(h) of the Internal Revenue Code (or any successor provision then applicable) its rights and duties hereunder shall become vested in and fall upon the Lexington-Fayette Urban County Government or such other qualified organization as may then be determined, to the extent such entity shall evidence acceptance of and agree to fully enforce the terms herein.

13. Subsequent Transfers. Grantor agrees to incorporate the terms of this Easement by reference in any deed or other legal instrument by which Grantor divests itself of any interest in all or a portion of the Property, including, without limitation, a leasehold interest. Grantor agrees that this easement shall apply to all parcels of land that may be created by a subdivision or partitioning of property in the event the Grantor retains the right to subdivide into parcels of at least forty (40) acres. Grantor further agrees to give written notice to Grantee of the transfer of any interest at least thirty (30) days prior to the date of such transfer. The failure of Grantor to perform any act required by this paragraph shall not impair the validity of this Easement or limit its enforceability in any way.

14. Estoppel Certificates. Upon written request by Grantor, Grantee shall within thirty (30) days execute and deliver to Grantor, or to any party designated by Grantor, any document, including an estoppel certificate, which certifies, to the best of Grantee's knowledge, Grantor's compliance with any obligation of Grantor contained in this Easement or which otherwise evidences the status of this Easement. Such certification shall be limited to the condition of the Property as of Grantee's most recent inspection. If Grantor requests more current documentation, Grantee shall conduct an inspection, at Grantor's expense, within thirty (30) days of receipt of Grantor's written request therefore.

15. Notices. All notices or communication that either party desires or is required to give to the other hereunder shall be in writing and shall be deemed properly given (i) upon delivery, if delivered in person or by facsimile transmission with receipt acknowledged, (ii) one (1) business day after having been deposited for overnight delivery with any reputable overnight courier service, or (iii) three (3) business days after having been deposited in any post office or mail depository regularly maintained by the U.S. Postal Service and sent by registered or certified mail, postage prepaid, addressed as follows:

or to such other address as either party from time to time shall designate by written notice to the other. Any party by notice to the other party may designate additional or different addresses for subsequent notices or communications.

16. **Recordation.** Grantee shall record this instrument in timely fashion in the office of the County Clerk of Fayette County, Kentucky and in the office of the Division of Building Inspection of the Lexington-Fayette Urban County Government, and may re-record it at any time as may be required to preserve the rights in this Easement.

17. **General Provisions.**

17.1 **Controlling Law.** The interpretation and performance of this Easement shall be governed by the law of the Commonwealth of Kentucky.

17.2 **Liberal Construction.** Any general rule of construction to the contrary notwithstanding, this Easement shall be liberally construed in favor of the grant to effect the purpose of this Easement and the policy and purpose of KRS 382.800 through 382.860. If any provision in this instrument is found to be ambiguous, an interpretation consistent with the purpose of this Easement that would render the provision valid shall be favored over any interpretation that would render it invalid. The rule of construction to the effect that any ambiguities are resolved against the drafting party shall not be employed in the interpretation of this Easement.

17.3 **Severability.** If any provision of this Easement, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this Easement, or the application of such provision to persons or circumstances other than those as to which it is found to be invalid, as the case may be, shall not be

affected thereby and shall be enforced to the greatest extent permitted by law.

17.4 Entire Agreement. This instrument sets forth the entire agreement of the parties with respect to the Easement and supersedes all prior discussions, negotiations, understandings, or agreements relating to the Easement, all of which are merged herein.

17.5 Amendment. If circumstance arise under which an amendment to or modification of this Easement would be appropriate, Grantor and Grantee are free to jointly amend this Easement by a mutually acceptable written agreement; provided that no amendment shall be allowed that will affect the qualification of this Easement or the status of Grantee under any applicable laws, including Section 170(h) and 501(c)(3) of the Internal Revenue Code and the laws of the Commonwealth of Kentucky, and any amendment shall be consistent with the Purpose of this Easement and shall not affect its perpetual duration. Any such amendment shall be recorded in the office of the County Clerk of Fayette County, Kentucky and in the office of the Division of Building Inspection of the Lexington-Fayette Urban County Government. Nothing in this paragraph shall require Grantor or Grantee to agree to any amendment or to consult or negotiate any amendment.

17.6 No Forfeiture. Nothing contained herein will result in a forfeiture or reversion of Grantor's title in any respect.

17.7 Joint and Several Obligations. The obligations imposed by this Easement upon Grantor shall be joint and several.

17.8 Successors. All of the covenants, terms, conditions, restrictions, easements, representations, warranties and provisions of this Easement shall be binding upon, and inure to the benefit of, the parties hereto and their respective personal representatives, heirs, successors, and permitted assigns and shall continue as a servitude running in perpetuity with the Property. The terms "Grantor" and "Grantee," wherever used herein, and any pronouns used in place thereof, shall include, respectively, the above-named Grantor and its heirs, successors, and permitted assigns, and the above-named Grantee and its successors and permitted assigns.

17.9 Termination of Rights and Obligations. A party's rights and obligations under this Easement terminate upon transfer of the party's interest in the Easement or Property, except that liability for acts or omissions occurring prior to transfer shall survive transfer. In the event a termination occurs under this paragraph, notice shall be given to the United States Department of Agriculture.

17.10 Captions. The captions in this instrument have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon construction or interpretation.

17.11 Counterparts. The parties may execute this instrument in two or more counterparts, which shall, in the aggregate, be signed by both parties; each counterpart shall be deemed an original instrument as against any party who has signed it. In the event of any disparity between the counterparts produced, the recorded counterpart shall be controlling.

17.12 Compliance with Laws. Nothing contained herein shall be interpreted to authorize or permit Grantor to violate any law, regulation, ordinance, code or requirement relating to building materials, construction method, or use of the Property. In the event of any conflict between any such ordinance, code or regulation and the terms hereof, Grantor shall promptly notify Grantee of such conflict and shall cooperate with Grantee and the applicable governmental entity to accommodate the purposes of both this Easement and such law, ordinance, code or regulation.

17.13 Development Rights. To the extent that Grantor owns or is entitled to development rights which may exist now or at sometime hereafter by reason of the fact that under any applicable zoning or similar ordinance the Property may be developed to more intensive uses than the Property is devoted to as of the date hereof, such development rights shall not be exercisable on, above or below the Property during the term of the Easement, nor shall they be transferred to any adjacent parcel and exercised in a manner that would interfere with the Purpose of the Easement.

17.14 Statement of Consideration. The undersigned Grantor and Grantee certify that the consideration reflected in this Deed of Conservation Easement is the full consideration paid for this Easement.
